Introduction to travel fraud

HITBSecConf2018
Amsterdam

Have you traveled in last 5 years?

**If yes, you possibly were a
victim (or a customer?) of a
travel fraud?**

HITBSecConf2018
Amsterdam

Everyone is a victim

- Everyone is a potential victim
 - if you travel with an airline, you are a potential victim
 - if you travel by Taxi, UBER, whatever, you can be a victim...
-
- Customers and Victims of Travel Fraud, are distributed globally

HITBSecConf2018
Amsterdam

Who are the cost bearing Victims

- Travel agencies
- Airlines
- Car rentals
- Shared-ride services/Taxi
- Hospitality Industry
- Individuals (loyalty, uber)
- Insurance companies

HITBSecConf2018
Amsterdam

The Reasons for Market Demand

- Normally it's 40-70% discount from the regular price
- You can buy a business class ticket for 25% of economy class
- Flexibility
- “Clean Money” is not needed

Airport VIP and CIP Services

- Commercial for Important People
- Involves Star Alliance, SkyTeam, American Airlines
- Benefits
 - Priority check-in
 - Fast lane of security check
 - Free Airport lounge
 - Free extra luggage check-in
 - Opportunity of a free class upgrade
- Cost for one-time use
 - \$10 for one international flight
- Insider threat? Or BPC?

The screenshot displays the American Airlines Sapphire card website. At the top, it says '起飞前的贵宾礼遇' (VIP Service Before Takeoff). Below this, it states '本卡仅限AA航空可以使用' (This card can only be used for AA Airlines). A red banner mentions '由于机场原因，国内出发的暂只提供升级主舱选座服务' (Due to airport reasons, domestic flights only provide main cabin upgrade services). It also highlights '价值150美金，折合人民币1000多元哦！' (Worth 150 US dollars, equivalent to over 1000 RMB) and '一个座位即收回成本，超值划算啊！' (One seat recovers the cost, super value!).

注意事项 (Notes):

- 使用方法:** 店家代网络值机。(一旦在AA网站上输入航班号以后，无法在网上修改，需要打电话给AA客服才能修改。所以店家帮你输入，防止出错，引起不必要的麻烦)
- 里程累积:** 里程先积累到自己的卡号上。
- 值机事项:** 拍下付款后，卖家给你的预定记录中添加蓝宝石卡号。请你自己填好预定记录里的个人信息信息，美国住址等，否则无法操作。
- 店家承诺:** 店家付款后，卖家立刻给你输入卡号，座位可以立即解锁。不成功，不收费！

The page also shows a flight status for Flight 4301 to Beijing and a section titled '从国外起飞的美国航空还可以享受更多蓝宝石权益' (American Airlines flights from abroad can also enjoy more Sapphire benefits). This section lists four benefits:

- 贵宾室使用权** (VIP Lounge Access): 全球超过600个，星级餐饮与放松体验 (Over 600 worldwide, star-level dining and relaxation experience)
- 优先行李** (Priority Baggage): 额外托运行李一件，再也不用担心超重了 (Extra checked bag, no more worrying about overweight)
- 优先通道** (Priority Lane): 优先登机，告别排队，告别等待 (Priority boarding, say goodbye to queuing and waiting)
- 升级座位** (Upgrade Seats): 在线选座，免费升级，不用担心坐满不升级了 (Online seat selection, free upgrade, no more worrying about not upgrading if full)

cosmote master of his craft. Made 2 hotels in Italy. All than the agent settling without asking questions. The cost was more than negotiated, did not pay anything. I worked with him without a guarantor and will work again! I recommend unequivocally.

Upon arrival, we were met, we took passports. As usual they copied - that's all. Live))

The old and good client was very much asking to congratulate his lady in Paris, not a little work was wasted on what would be done, but the result turned out very even!

Congratulations to the female half of the Forum on the Holiday of All Beautiful!

I propose to enter a deposit for sellers of this topic or compulsory work through the guarantor and ban for refusing this. Kidok in this direction can carry not just financial losses. You can stay in a foreign country on the street for a few days, until relatives or friends pull out. For reliable sellers, working exclusively through a guarantor or deposit, increases the credibility of them.

Брони,билеты,депозит имеют места слетать,это ведь карж,нужно быть готовым к этому,а чтобы не остаться на улице в чужой стране,лучше не пользоваться этими услугами,если не осознаешь риски.

Armor, tickets, deposit have places to fly, it's a carve, you need to be prepared for this, and not to stay on the street in a foreign country, it's better not to use these services if you do not realize the risks.

Not Happy Travelers Feedback

3. 60 thousand rubles were sent directly to the seller, 65 thousand rubles transferred to the guarantor - <https://dublikat.info/conversations...-members-vacha-47693.1252814/#message-1644447>

4. Return tickets were on the 9th of May. On May 8, the seller notified that the tickets had left. After the meeting, they agreed on the fact that the tickets will be canceled by the 11th May, can not earlier. Another meeting occurred on the 10th, the seller called to a friend and said that it is possible to solve the issue through him, I paid 28 thousand rubles, since the cost of tickets was 200,000 rubles. at the register. Arriving at the airport and starting to register, a man approached and said that there was no option to fly away, since we necessarily need a card with which the cardholder was also paid. Seller got in touch promptly, they tried to resolve the issue by calling, but without success. Desperate, I bought tickets at the cost of the ticket office on the 12th of May for 125,000 rubles. with 3 transplants and the total number of hours of flight - 27. Seller made operatively manibek.

The bottom line is that we lived from 9 to 11 in another hotel, for which we paid 12 thousand rubles, it's very cheap, but we understood that money could be useful to us. Seller could not score a hotel for these days, other services did not accept orders, since the minimum cash desk did not satisfy them. And from 19.00 on 11.05.2017 to 14.00 on 12.05.2017 we had to spend a night and spend the night at the airport, because the seller also could not solve anything with the hotel.

Please consider the legitimacy of my desire to return at least 12.000 rubles for the hotel, which we paid ourselves because of the flight tickets.

For the rest of the money I have no complaints.

Not So Happy customer...

A buyer contacted the escrow company complaining about abuse because he didn't received the tickets on time and it's now been 15 hours overdue. The Escrow company gives 48 hours for explanations from the service provider. Service provider claims that tickets had been issued and cancelled by the issuer 3 times already and now it's the 4th attempt. If it doesn't work, the service provider will cover the Escrow costs.

сделка была через гарант
предмет сделки 3 авиа билета Стоимостью 9000 рублей. Гарант (условились 50/50)
В обещанное время, билеты так и не были предоставлены, хотя за 10 минут до договоренного времени ТС был на связи и сказал что билеты будут готовы через 10 минут, но после 10 минут ТС перестал отвечать на сообщения и включил полный игнор. Прошло уже почти 15 часов как ТС обещал выдать билеты, но от него до сих пор тишина. Билеты были куплены за свои.
п.с. Пошел на встречу ТУ и предложил услуги гаранта поделить 50/50, но ввиду такой ситуации, что ТС включил игнор было бы справедливо если услуги гаранта, полностью перейдут на него.
п.п.с. ответчика уведомил через ЛС и через ICQ

The criminal backstage: Travel Fraud Schemes

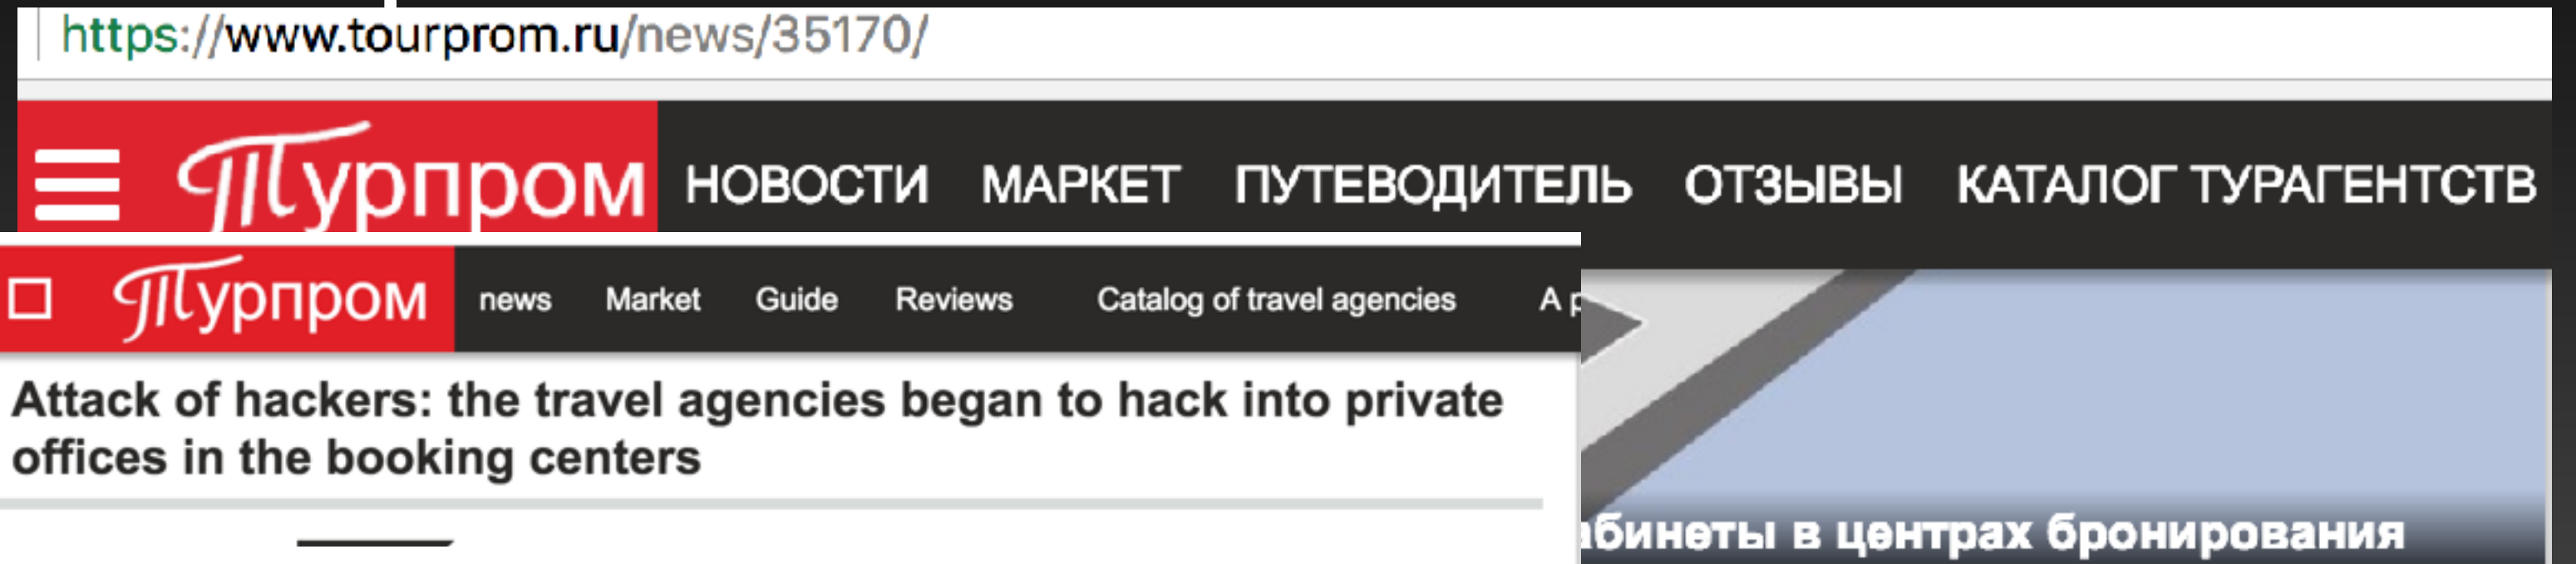

Types of travel frauds schemes

- Stolen credit cards
- Abuse of loyalty programs
- Abuse of Promo programs
- Abuse of physical and logical vulnerabilities in websites and systems

Compromise of booking portals

The difficult situation of Russian travel agencies, which, due to the crisis, the temporary absence of Turkey and still closed Egypt, lost a significant part of their clients and finances, was aggravated by a new negative trend: fraudsters are increasingly hacking the private offices of travel agencies on the sites of tour operators and booking centers, persons of these agencies. At the same time paying for these orders, booking centers are forced precisely by the affected travel agencies.

So, one of these days in the editorial office of "TURPROM" received a letter from one of the regional travel agencies, which faced such a problem. "On the site" ttbooking.ru "(Turn-Trans) the personal cabinet of the subagent has been hacked again, and tickets have been booked by scammers for 47 thousand rubles," the message says.

положение российских турагентств, которые из-за кризиса, временного отсутствия Турции и закрытого Египта потеряли значительную часть своих клиентов и финансов, усугубилось новой тенденцией — мошенники всё чаще взламывают личные кабинеты турфирм на сайтах

At the same time, the authors of the letter emphasize that they were told in the booking center that hacking of private offices is not the first time. "Similar cases began to be repeated. In 2016, the same happened to several Crimean agencies. Anyway, now the reservation system waits for us to pay 47 thousand rubles. We wrote an application to the Ministry of Internal Affairs, provided all the documents, requested from "ttbooking.ru" the IP-addresses from which the booking was made. We are waiting for the results. Under the contract, "ttbooking.ru" is not responsible for security, but if such cases are repeated, perhaps the company management should think

Computer scientists are tried for hacking bank accounts of two dozen tour agencies

In the Sverdlovsk region, a group of hackers will appear before the court, who raised about one and a half million rubles to return railway tickets purchased with the help of hacking accounts of 18 travel agencies, the press service of the Ural transport prosecutor's office said.

Residents of Ekaterinburg - Nikita Selyunin, Yaroslav Bobrov and Vladislav Skipin are charged under part 4 of Art.

159.6 of the Criminal Code of the Russian Federation (fraud in the sphere of computer information committed by an organized criminal group).

According to the investigation, the accomplices were part of a criminal group organized by a resident of St. Petersburg to steal funds from travel companies

They hacked passwords of bank accounts of travel agencies and bought railroad tickets for front men on their money. Subsequently, the attackers issued a return ticket, receiving cash at the ticket office of the railway station of the station Yekaterinburg-Passenger.

According to the fulfilled scheme, the accomplices stole 1.4 million rubles from 18 Russian tourist companies.

Airfare tickets sale case

- Buy tickets for a New Year vacation on the sale for 499 RUB = 8.5 USD
 - **Tickets not refundable, but..**
 - It's possible to change the name for 5000 RUB = 85 USD
 - Sale tickets for 15000 RUB
 - $15000 - 5000 - 499 = 9501$ RUB
- or about 150 USD profit per ticket

Даркнет

На сайте авиакомпании Победа (<https://www.pobeda.aero>) началась распродажа билетов по 499 рублей.

Вернуть такой билет назад нельзя, но можно изменить данные пассажира за 5000 рублей.

Есть рискованная, но очень простая схема заработка на билетах авиакомпании Победа.

Покупаем на распродаже билет на праздничные дни. Дожидаемся когда цена на него поднимется выше 8 тысяч руб. этого размещаем объявлением в группах пассажиров Победы о продаже билета на 1000-1500 дешевле, чем на сайте. Договариваемся и получаем прибыль.

https://vk.com/topic-72437932_33257310?offset=180

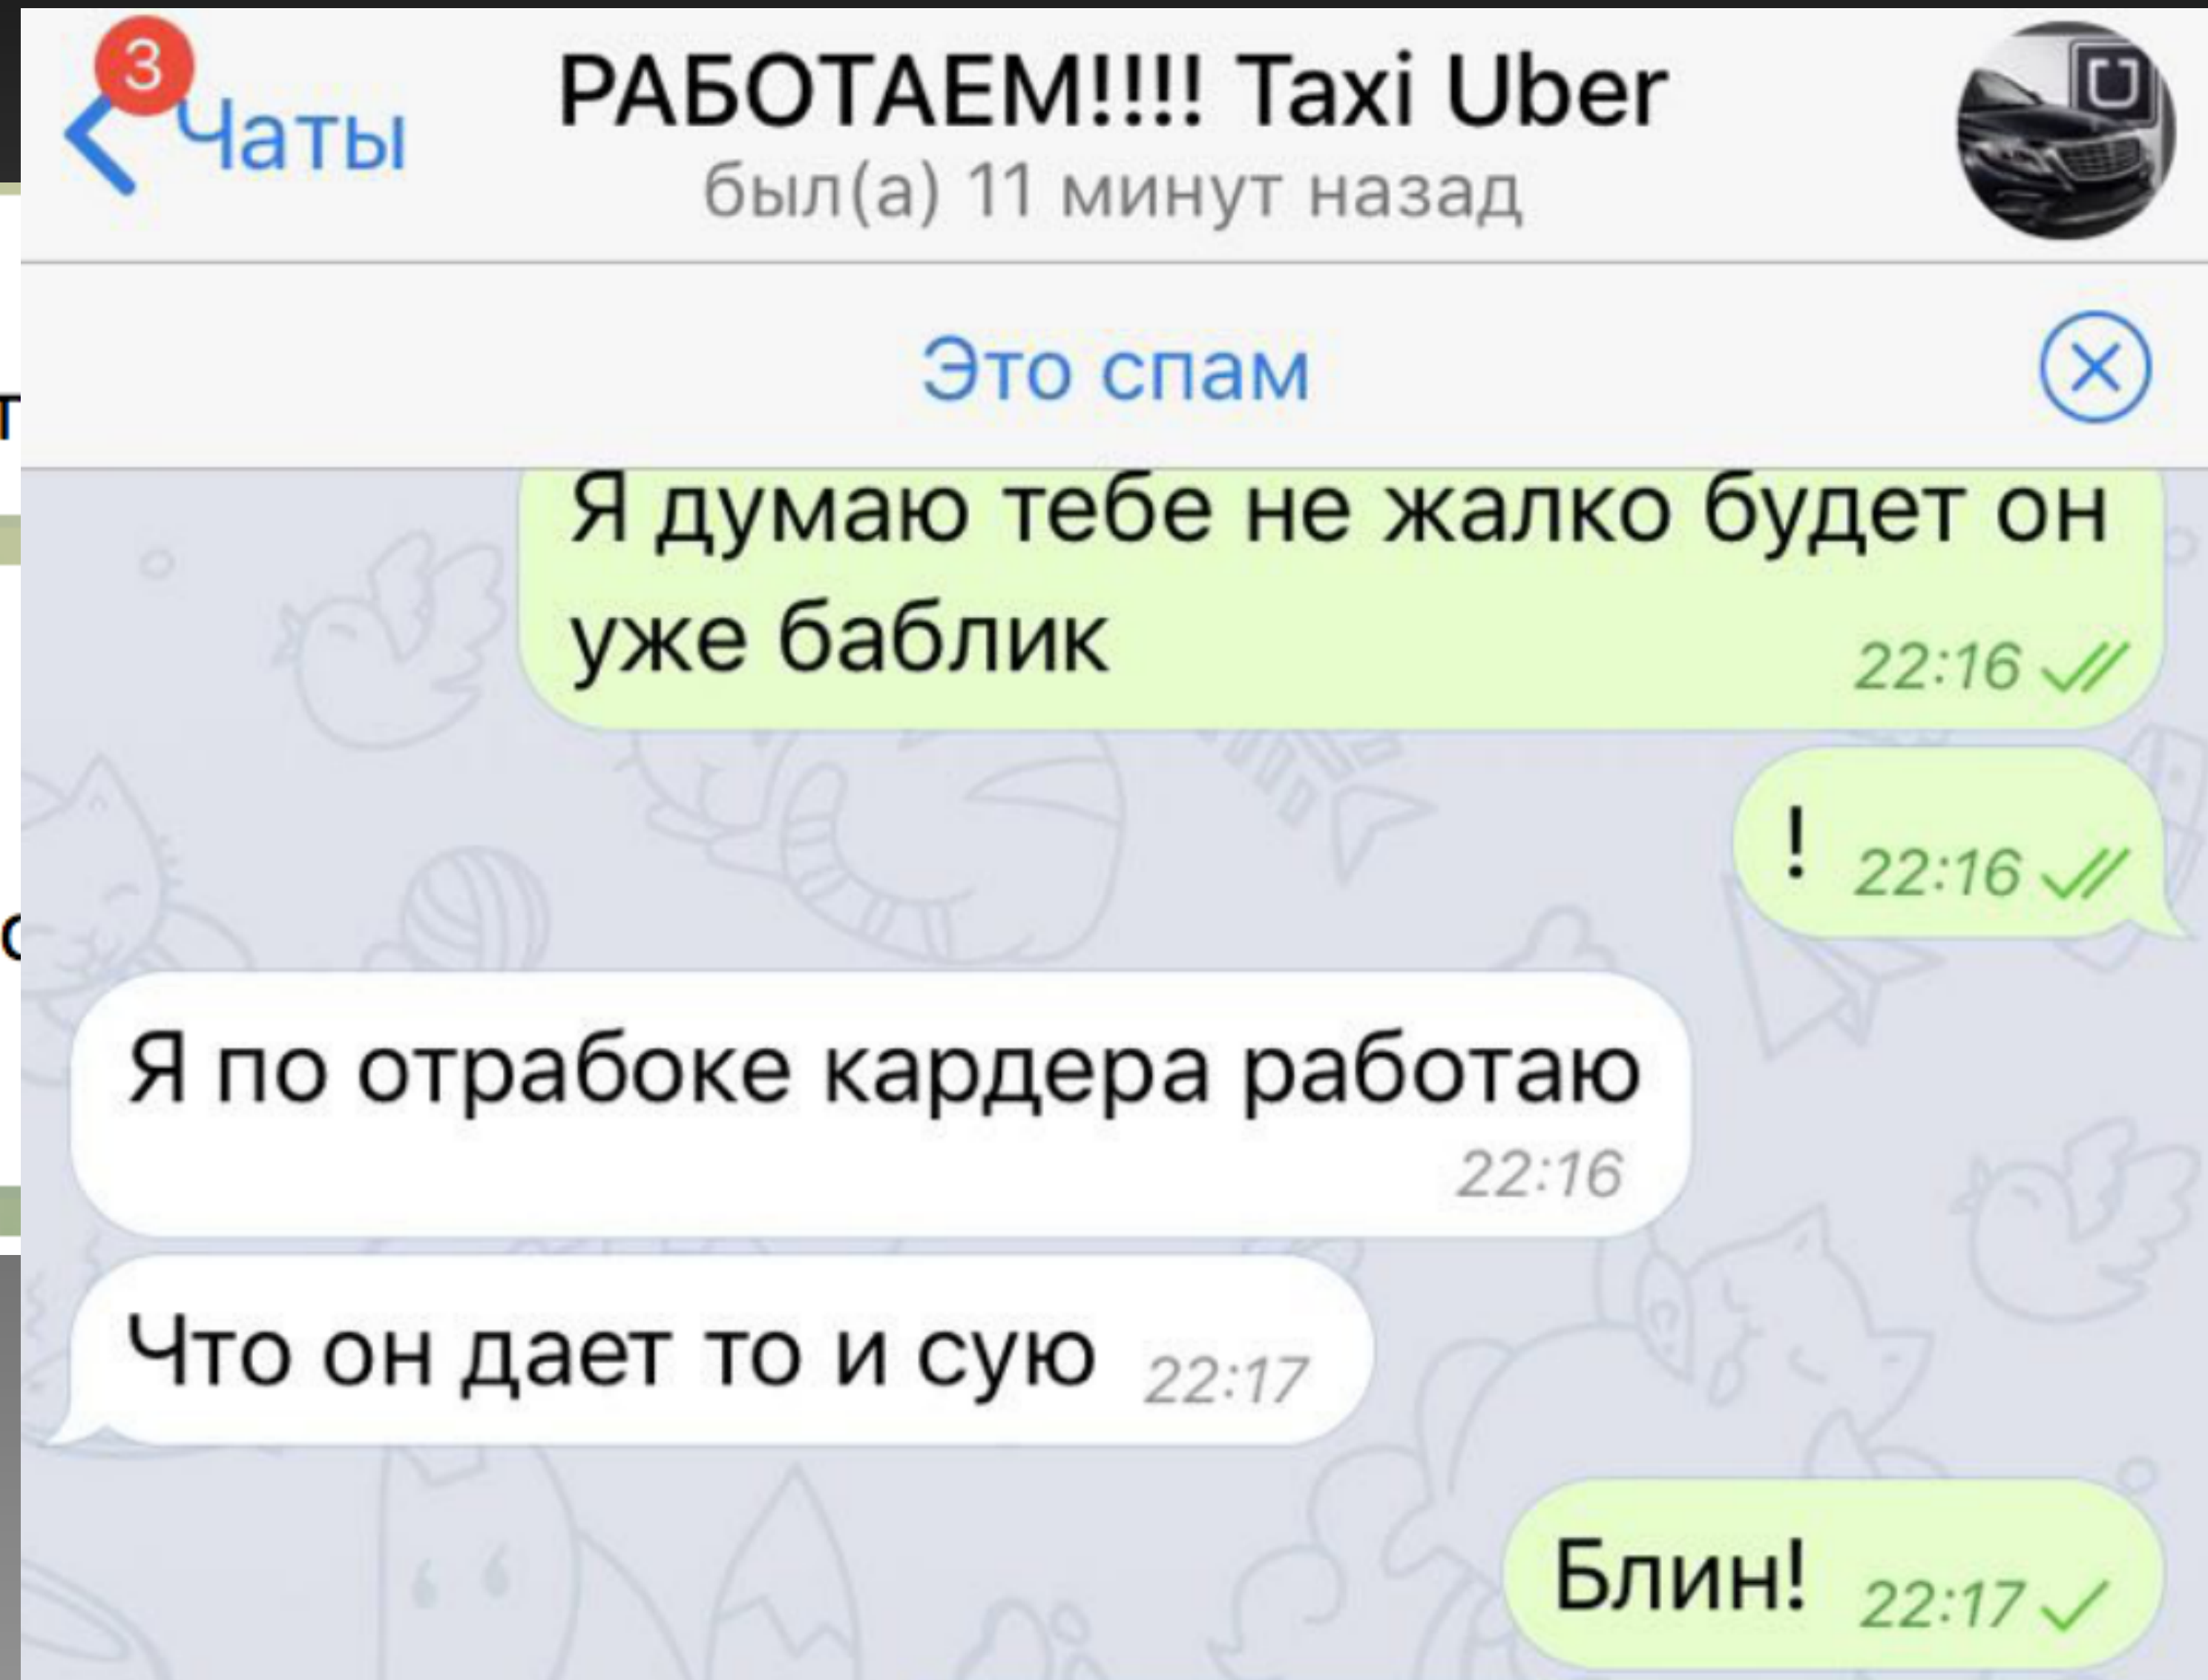

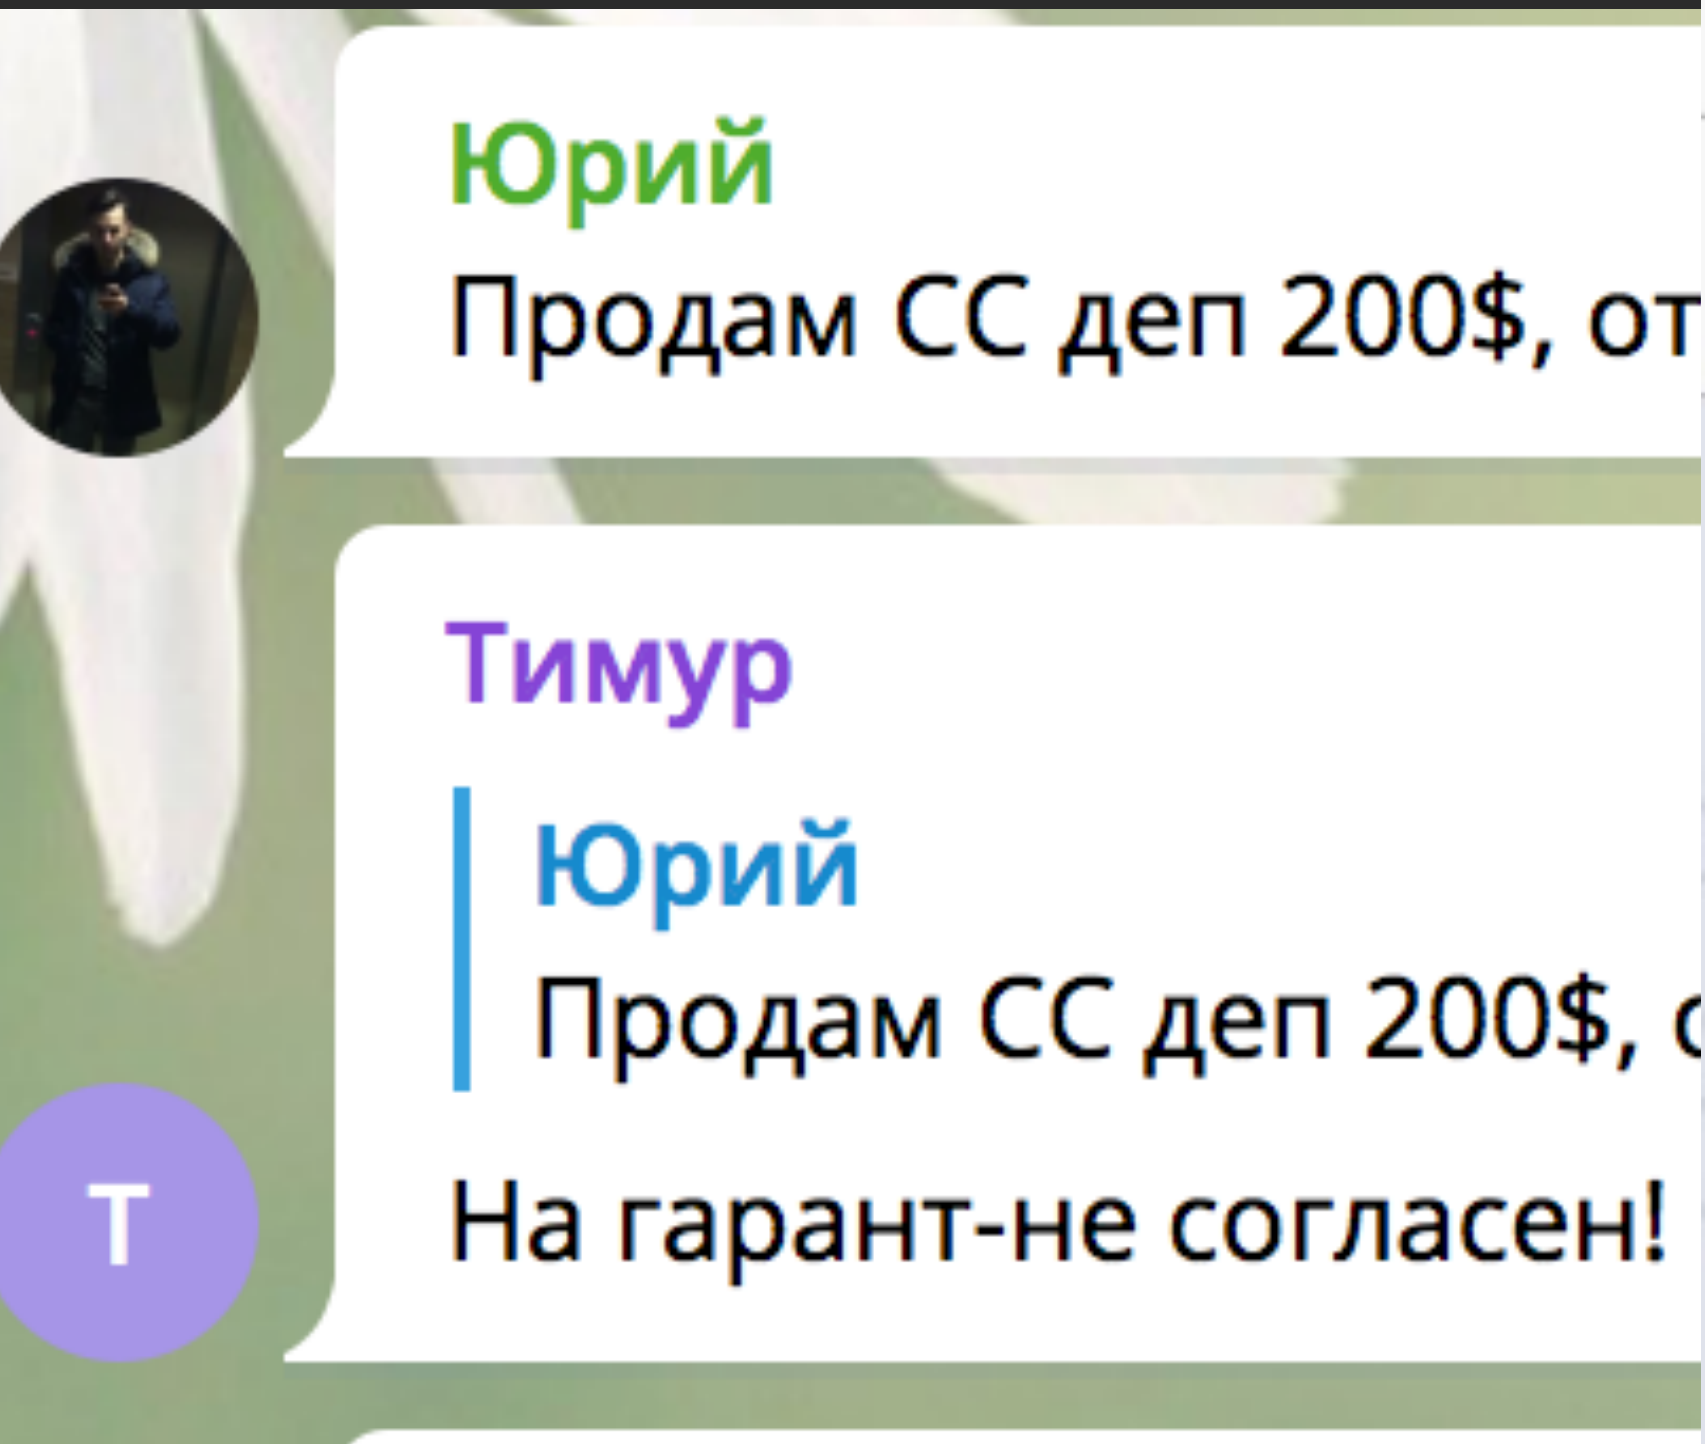

Чтобы схема сработала, нужно правильно выбрать рейс и день. Лучше всего подходят рейсы из Москвы в Сургут, Нижневартовск, Новосибирск, Красноярск и все европейские города. Вылет 29-31 декабря. Перед Новым Годом цены на рейсы может подняться до 15 000 тысяч рублей и желающие перекупить ваш билет найдутся с высокой вероятностью.

P.S.: Канал Даркнет не несет ответственности за ваши возможные финансовые потери.

This purchase is for hacked Alaska Airlines miles account with appropriate package (since Alaska has bought Virgin America, you can also use Alaska miles to redeem Virgin flights).

Please indicate the package that you want to purchase by selecting different shipping options. Nevertheless, try use the account asap since I cannot predict account owner's behavior.

The guide is not included with the account, and it has to be purchased separately; however, if you choose to purchase the guide, it will provide instructional steps of how to use the account properly through social engineering's point of view from searching the miles needed for an ordinary award ticket till you finally land it safely. It will also include a free email bomb tool invitation, so you can perform your own account takeover (ATO).

If you need an account with large miles, please send me a message for quote.

fake corporate ID card

Dear Siemens Corporate Hotel Partners,
尊敬的西门子协议酒店负责人:

Recently, we have received several reports from our corporate hotels and Siemens internal channels that there are fake Siemens Cards sold via Taobao, V-chat to get Siemens corporate hotel rates. The sales channels for fake Siemens cards have been revoked by Siemens ever since last year, but it's still remaining in the market despite repeated prohibitions. The main route cause is that there are still some hotels checking Siemens employee card at the hotel check in counter. The fake cards has brought confusion to the hotels and it's indeed difficult for the hotels to judge the real and fake cards. It also causes potentials risks to Siemens offices security. To prevent these cases from happening again, Siemens had enhanced the information security management with the suppliers and strengthened our traveler profile identification control on the hotel online booking tool. Hereby, we kindly request all the Corporate Hotels to support and cooperate us to strictly implement Siemens travel policy as below.

我公司近来收到不少关于网上通过淘宝、微信、微博等渠道贩卖假西门子员工卡用以使用西门子协议酒店价格入住的报告。对此，我公司已经采取必要手段打击非法行为并关闭了这些非法渠道。自从去年西门子正式打假以来已经封锁超过 90 个淘宝链接及 20 个微博账户，但仍然屡禁不止，其根源在于仍有部分酒店要求客人入住时出示西门子员工卡。西门子假卡现象不仅造成真假员工卡辨别的困扰，给酒店带来损失，同时对西门子的信誉造成损害，并对各西门子办公地点的安全产生了风险和隐患。为了避免持假卡者冒用西门子员工名义入住协议酒店现象的继续发生，西门子已经加强信息安全管理，并对公司差旅预定网站的用户信息进行了严格的认证和核查。在此，我们要求各协议酒店严格遵守以下要求并配合西门子执行公司差旅酒店管理的相关政策。
